COMMUNITY HOUSING

Mark

People experiencing, or at risk of, homelessness.

**Safe, high-quality housing stock.**

Create well-maintained, attractive, accessible and sustainable buildings, including private and community spaces.

**Evidence-based tenancy management.**

Provide proactive tenancy management, including access to live-in house managers.

**Community and network of support.**

Engage an holistic community and network of support that addresses physical and psychosocial wellbeing. Facilitate hospitality and opportunities to build community.

**Mutually transformative relationships.**

Nurture ongoing, mutually transformative personal relationships - both within house communities, and with the community beyond.

**Opportunities for growth.**

In line with a person's capacity and goals, nurture personal growth, learning, and opportunities to contribute to society.

**Actual and perceived safety, stability, and rest.**

**The ability to maintain safe housing.**

**A sense of connection and greater wellbeing.**

**Personal growth and increased social cohesion.**

**A feeling of hope and positive self-esteem.**

Communities where respect, dignity, hope and opportunity are nurtured.
